 <p>UEC- RF -MICROWAVE</p> <p>Custom IMAs, RF Amplifiers & Converters for commercial, military, space flight & broad range of amplifier solutions for aerospace, manned & unmanned aerial vehicles, shipboard apps, radar, missile systems, airborne satellite (VSAT) Wireless Tech.</p>	<p>MMTRON</p>  <p>mm Wave Communication Semiconductors win 2 increased signal and fidelity</p>
 <p>CHELTON</p> <p>Antennas from 500 MHz to 40GHz, Wireless Local Loop, Flat Panel, Low Profile, Sector Antenna Omni's.</p>	<p>APPLIED ENGINEERING</p>  <p>RF/EMI Shielded Enclosures, Non-Shielded Anechoic Chambers Turn-key Installations, Relocations, Modifications</p>
 <p>Q MICROWAVE</p> <p>RF Microwave Filters, Multiplexers, Switch filter banks</p>	<p>KRYTAR</p>  <p>Directional Couplers, Hybrids, Russell Power Dividers, Detectors, Terminations, 2.0-50Ghz</p>
 <p>RODELCO ELECTRONICS</p> <p>DC to 50 GHz Amplifiers, Control Components (Pin Diode switches & Attenuators) Sources, Converters, Receivers & Integrated Micro Assemblies</p>	<p>MBT</p>  <p>RF components 100Hz components to/ including millimeter wave Silicon RF/Microwave semiconductor diodes - Diodes: abrupt tuning varactors, step recovery low & high power PIN, limiter, point contact mixer/detector, Schottky, custom & discontinued. Silicon MIS, MIC, Binary chip capacitors, Silicon Resistors, AlN thin film attenuator pads, Spiral Inductors. HI-REL testing. Approvals: ISO 9001:2008, MIL-STD-750, MIL</p>
