APPLIED ENGINEERING

RFI/EMI Shielded Enclosures, Shielded and Non-Shielded Anechoic Chambers, Turn-key Installations, Relocations and Modifications.

DUCOMMUN

Directional Microwave and Millimeter Products: ferrites, control devices, frequency converters, antennas. Oscillators, Electromechanical Switches

CHELTON LTD

Antennas from 500 MHz to 40GHz, Wireless Local Loop, Flat Panel, Low Profile, Sector Antennas, Omni's

KRYTAR

Directional Couplers, Hybrids, Russell Power Dividers, Detectors, Terminations, 2.0-50GHz

Q MICROWAVE

RF Microwave Filters, Multiplexers, Switch filter banks

MBT

RF components 100Hz components to/ including millimeter wave Silicon RF/ Microwave semiconductor diodes -Diodes: abrupt tuning varactors, step recovery low & high power PIN, limiter, point contact mixer/detector, Schottky, custom & discontinued. Silicon MIS, MIC, Binary chip capacitors, Silicon Resistors, AIN thin film attenuator pads, Spiral Inductors. HI-REL testing. Approvals: ISO 9001:2008, MIL-STD-750, MIL-PRF-1950

RODELCO ELECTRONICS

DC to 50 GHz Amplifiers, Control Components (Pin Diode switches & Attenuators) Sources, Converters, Receivers & Integrated Micro Assemblies
